## Racing Career

Owen started his career on his 6th birthday in January of '16 at a Grassroots Snocross race at ERX Motorpark. He already had a love of riding and started at an early age, he was riding a Strider Bike at 1 1/2 & PW 50cc at 3 years old. His first few races were tough because as his dad and "mechanic" I had a lot to learn with the tuning of the little 120cc snowmobiles but we learned as quick as we could and it didn't take too long before Owen was running with the front of the pack. "O-Dogg" has a great mix of competitive drive and camaraderie, on the track the only place he's happy is out front but it is common practice for him to walk down the line in staging handing out high fives and wishing everyone good luck & even in defeat he often seeks out the winners and congratulates them. The '17-'18 season was amazing! Owen ended the year with over 70 trophies and multiple points championships.

Owen capped of a great season with an unbelievable showing at the *Showdown at Sundown Mountain*, an invite only race that brings together the best of the best in amateur snocross. Owen qualified for 3 different classes and ended up winning both the Pro 206 (6-7) and the Stock 200cc class. It was an great way to wrap up the season for the ID Motorsports team!!

## Schedule

For the '18-'19 season we plan to expand our schedule to attend more national races. Owen will be racing in the 120cc Champ, 200cc & Transition 8-10 classes.

## Outside of the sport

In the offseason when we aren't racing Owen likes to spend his time wake boarding or wake surfing, really doing anything outside. Between riding his dirt bike, driving the gokart and being pulled behind the boat there really isn't much time to be inside. Owen has an older sister, Mayson, that is a big supporter and motivator of his on and off the track. We are lucky enough to call the small town of Crosslake, MN home and couldn't be more happy raising our kids here.
